1 Introduction

In order to streamline the requests of various organizations for presence of Hon'ble Governor (HG) in their functions / programs and to avoid last minute requests / inclusion of the program in the engagement list, a Standard Operating Procedure (SOP) has been finalized fixing the time line to process such requests with final approval by Hon'ble Governor. The SOP has been issued Raj Bhavan Odisha for public vide office order no.:560/SG, dated: 22.10.2018. The same has been widely covered print media.

For smooth implementation of the above SOP, an application software has been developed. It is named "Raj Bhavan Program Management (RBPM)".

2 Objective

The objectives of RBPM application software are as under

a) To streamline the processing of requests of public / institutions for presence of Hon'ble Governor in their programs.

b) To make the entire process from request to approval / regret transparent for all stake holders there by reducing anxiety and uncertainty.

c) To reduce the repetitive work at all levels by using technology, thereby increasing efficiency.

d) To leverage technology to provide mobile alerts and Email responses to stakeholders at appropriate intervals.

e) To work towards complete digitation of the Program Management process in future.

3 Process

The applicant may note the following steps for applying under RBPM (i.e. to request Hon'ble Governor's presence in their program).
